Contributions to TRACTION

We are always interested in receiving contributions for TRACTION to allow us to make the magazine even more interesting. If you can write about your experiences as a member of the railway's staff, or as an enthusiast, we'd really like to hear from you. We need interesting articles on any subject related to the diesel and electric traction, as well as features for those interested in model railways. Text can be in typed or digital format. We can accept photographs in colour or black and white, and in any format: prints, negatives, slides or digital.

# CONTENTS

## News

Current mainline and heritage traction developments

## Railtours from a locomotive owner's perspective Part 1

Martin Walker describes the preparations for a rail tour with 55002

## 1962 Review of the Year Part 2

J Cross looks back 50 years at progress on the BR Modernisation Plan

## Southern Electrics

Colin Bosworth discusses the development of the Southern's third rail electric locomotives

## Taking Coal to Didcot

Chris Cole trains his camera on the unglamorous, but vital, coal trains to this South Midlands power station

## A Night on the Highland Main Line

As a second man at Inverness depot 'Ben Wylie' takes us on a night-time footplate journey from Inverness to Perth aboard a Class 40

## Carlisle - 'The Night Shift' Part 2

Stephen Rabone looks back to night operations at Carlisle in 1967 with photographs from Paul Marshall's collection

## Cover

Looking magnificent in their Pullman livery 47602 (Loughborough) and 47790 (Loughborough) Pullman sets Burnfield on Milton Marsh with 1274, the 58-05 Wilton to Rowington 'Northern Belle' special on 27th August 2011. Steve Allen

TRACTION is published bi-monthly by Atlantic Publishers.

## Next issue

No. 200 APRIL/2012 on sale 6th APR 2012  
ISSN: 1368-2480
